A Message from Chancellor Penney

It is with great pleasure that I offer you this first annual report on private donations to the University of Massachusetts at Boston.

I am especially pleased to report that fiscal year 1990 was one of outstanding growth in our Annual Fund. We gratefully accepted three major gifts of \$25,000; alumni contributions rose sharply; faculty and staff generously responded to our first-ever appeal to them; and friends' contributions reached an all-time high. In short, this year's Annual Fund gifts—\$183,740—more than tripled last year's gifts and nearly doubled those of the last four campaigns put together.

This encouraging news comes at a time when questions about the future of public higher education in the Commonwealth are being asked with increasing frequency. UMass/Boston has weathered difficult times in the past, and will no doubt continue to face them in the future. But your generous support has given us flexibility where little existed before. Your gifts have allowed us to continue funding such activities as important financial aid initiatives and faculty and student research projects.

My message to you this year is brief but heartfelt, and I know that my deep sense of appreciation is shared by all members of the UMass/Boston community, on whose behalf I thank you. We are working hard to enhance the fine education our University makes accessible to all qualified citizens of Boston and its environs. This difficult task continues to be possible only through the unselfish support and encouragement of our many friends and donors.

Sherry H. Penney

Chancellor

The 1989-1990 Campaign

Striking growth in Annual Fund income was the highlight of UMass/Boston's 1989-1990 development campaign. The response of our alumni to Annual Fund requests increased 70%. New initiatives—such as an appeal to UMass/Boston faculty and staff, and a volunteer-conducted phonathon—brought highly encouraging results. Contributions from corporations and foundations also rose significantly.

We are especially pleased by increases in contributions of \$1,000 or more. Receiving 25 such "leadership gifts"—to mark UMass/Boston's 25th anniversary—was our 1989-1990 goal. We are most grateful for the gifts that have allowed us to surpass that goal, and we acknowledge with particular appreciation major gifts of \$25,000 each from Agnes Cullinane, John J. Cullinane, and Steven Roy.

The figures on these pages indicate more than the range and interests of 1989-1990 contributors. These figures also represent real depth of commitment to the mission of the University of Massachusetts at Boston.
